DISCUSSION ITEMS

There was only one FOIA request for this month: SmartProcure - requesting information about vendors, items purchased, contact information and cost.

A discussion on the 2024-2025 Registration Fees was held. The recommendation is to leave registration fees the same as the current school year (Elementary \$55, Middle School \$65 and High School \$85) and incorporate an annual \$30 Technology Fee for students. The fee will replace the optional chromebook insurance and cover some repairs of damage to chromebooks and when a student graduates from West Central, they will be able to keep their chromebook at no charge. Superintendent Day and the Tech Department will work on creating a plan for the Technology Fee to present with the Registration Fees for final action at next month's Board meeting.

The Board discussed consideration of building a new athletic facility in the future. The space would allow for additional PE/Personal Fitness Class space and ability to change their programs. The building could be used for additional practice space for the district as well. The Board discussed, briefly, the two out-buildings on the Middle School campus as possibilities. The architects estimate that to make the needed repairs to those buildings in order to allow students to use either of those spaces it will cost about \$500,000 for each building. The Board will continue to talk about this potential project in the coming months to determine the need, specifics of design and feasibility of the build.

REPORTS

The Board reviewed and heard reports from the Building Principals K. Lafary, S. Ryner and J. Kirby and District Technology Coordinator Jeremy Hennings and Athletic Director Joel Zaiser.
